

Aqua Feeder® - Stainless Steel Wean-Finish Feeder

- Adjustable Feed Saver Lip on feed trough helps prevent feed waste while providing easier access for small pigs.
- Hogs gain access to feed by pushing paddles, and they moisten the feed by pushing the nipple drinkers to mix feed and water to their liking.
- Top quality welded 304 Series stainless steel construction of feeder, trough and drinking system.
- Convenient and precise feed level adjustment.

Type of Feeder	Model Number	Feeder Length	Hogs Per Feeder	Hog Weight Range
Wean-Market	AF5x70WF	70	80	12-280
Wean-Market	AF6x84WF	84	100	12-280

CHORE-TIME Aqua Tube® Feeders

- Get the benefits of tube feeding for nursery and wean-to-market at “dry feeder” prices.
- Top quality welded 304 Series stainless steel construction of fence, trough and drinking system.
- Feed saver lip on feed trough helps prevent feed waste.
- Shown with optional 100-pound capacity plastic feed hoppers.
- PVC feed tube with feed agitation spinner reduces feed dust to help save hours of cleaning time.
- Self-cleaning recessed water cup with nipple drinkers keeps water fresher and increases water accessibility while minimizing water waste.
